### **Building Safety Where You Live, Work and Play**

When you enter a house or building, most likely you're not thinking about whether it is properly constructed and safe. To help raise awareness of building safety, the **City of Boulder City** is celebrating Building Safety Week from May 5 through 11. The theme is "Building Safety: Where You Live, Work and Play."

"The important work we do is often overlooked until a tragedy occurs," said **Ron Nybo, Building Official for Boulder City**. "When building safety experts inspect buildings during and after construction, we help to ensure that the places where you live, learn, work and play are safe."

"Public safety is our number one concern," said **Nybo**. "During Building Safety Week and all year long, building safety officials are here to help protect you and your community."

To celebrate Building Safety Week this year, a presentation for the owner-builder, "**I can build it**", will be held Friday morning, May 2<sup>nd</sup> at 9:00 AM till 10:00 AM in the City Hall Council Chambers. Coffee and snacks will be provided. Anyone interested is welcome to attend. Please call 293-9282 for your reservation.
